Today, Creighton Farms is a gated community that offers a sophisticated sanctuary for just 184 families—one where magnificent custom-built homes are endowed with acres of pastoral land and a long list of enviable amenities, including a Jack Nicklaus Signature golf course, tennis courts, fitness center, resort-style pool complex, clubhouse with fine-dining restaurant, and much more. Located just 20 minutes from Dulles Airport and an hour from downtown Washington, Creighton Farms offers its club members and residents the best of all worlds.

SUMMIT POINT MOTORSPORTS PARK

Official Technical Partner for the Warm Up USA

SUMMIT POINT, WEST VIRGINIA – Summit Point Motorsports Park will host the regularity race training day on Wednesday October 23rd and a portion of the time trials during the race on Thursday, October 24th. The track was opened in 1969 and this year celebrates its 50th anniversary. Decades of SCCA (Sports Car Club of America) and IMSA races have been held at track. Since the 1980s, the facility has been used extensively as a training ground for federal government agencies. Two additional road courses, "Jefferson" and "Shenandoah", were added to the property in 1996 and 2004, respectively. The annual Jefferson 500 race is one of the track's most popular events. It was established over twenty years ago by Brian Redman and Bill Sharp and today attracts a grid of over 200 vintage race cars.
